

# MEET TIFFANY WEBB

Sharing my story, passions, and purpose — in color.

# My Roots: Tiffany Webb

Born and raised in the heart of Chicago, with deep roots running through Louisiana, I carry a legacy of love, resilience, and purpose. Fueled by a family that believed in literacy, healing, and empowerment, I found my voice in community. My path blends behavioral health, bold outreach, and entrepreneurial fire—with every step grounded in advocacy for those often overlooked. I grew up surrounded by strength, ambition, and a calling to turn pain into power. Whether through education, storytelling, or service, I use what I know—behavioral health, lived experience, and unapologetic love—to spark change. My mission? To inspire, uplift, and be a voice for the vulnerable—because when we rise, we rise together.
