

For leaders ready to *rethink what's possible*.

Tiffany works with leaders and organizations navigating growth, change, engagement, and community impact. She brings a human-centered perspective to complex challenges—helping organizations understand the people they serve, rethink familiar approaches, and build strategies designed for meaningful, sustainable impact.

HOW TIFFANY HELPS

Strategy with *people at the center*.

From early ideas to real-world implementation, Tiffany helps leaders see opportunities differently, structure what comes next, and connect strategy with the people and communities it is meant to serve.

01 // THINK Strategic Advisor Challenges familiar thinking, uncovers opportunities, and helps leaders make clearer decisions around growth, engagement, innovation, and impact.	02 // BUILD Program Architect Transforms ideas and community needs into structured programs, initiatives, experiences, partnerships, and implementation pathways.	03 // CONNECT Community Impact Strategist Connects organizational goals with community realities, strengths, needs, and voices to create people-centered, outcome-focused strategies.	04 // MOVE Speaker & Facilitator Creates conversations and learning experiences that challenge assumptions, elevate thinking, encourage dialogue, and move audiences toward action.
---	---	---	---

Tiffany doesn't simply advise organizations on *what to do next*.
She helps architect *how they get there*.

SIGNATURE METHODOLOGY

The GEAR Method™

From awareness to action. From ideas to impact.
The GEAR Method™ is Tiffany Webb's human-centered approach for helping organizations create strategies that connect with people, activate participation, and build meaningful pathways forward.

G Generate Build awareness and understanding. Clarify the challenge, understand the audience, and make the issue visible and relevant.	E Engage Build trust and connection. Listen, strengthen relationships, and create opportunities for meaningful participation.	A Activate Move ideas into action. Turn insight into strategies, programs, experiences, partnerships, and practical next steps.	R Resource Build the path forward. Connect people and organizations with information, relationships, services, tools, and opportunities.
